ICITED2019 is the 6th International Conference on Information Technology and Economic Development

Theme: Information Technology for Sustainable Development

Motivation: UN, UNICEF and EC Sustainable Development vision and goals launched in 2015 https://www.un.org/sustainabledevelopment/sustainable-development-goals/

Venue: Abuja – the most beautiful City of Nigeria https://buzznigeria.com/abuja-beautiful-place-nigeria/

Collaboration: IITEDA and Kaduna State University http://www.kasu.edu.ng/

Chairs: Professor Abel Usoro, IITEDA and Dr Abdullahi I Musa, Kaduna State University

The aim of **ICITED2019** is to present research and best practice in the areas of information technology, information management, and their impact on sustainable development. **ICITED2019** will consist of workshops, tutorials, keynote speeches, paper presentations, and panel discussions. The event should inspire a fruitful dialogue among practitioners, government officials, scholars, and investors; **ICITED2019** will address the needs of all participants. Accepted Abstracts will be published in the conference Book of Abstract (ISBN). Good papers will be considered by **Journal of IT for Development**, **Electronic Journal of Information Systems in Developing Countries**, **the International Journal of Knowledge Management**, **Journal of International Technology and Information Management (JITIM)** and a proposed book on **Information Technology for Sustainable Development**.

Submission guidelines

The conference accepts extended abstracts but it is recommended that after the feedback from the review process and your presentation at the conference, you may submit the full paper to any of the Journals associated with this conference. A book of abstracts will be published for accepted submissions.

Your abstract should be 600 words maximum excluding references and should include the gap in knowledge or research question, the purpose of your work, design/methodology/approach, findings, implications/value/originality, limitations (if applicable) and future work, keywords (maximum 6), paper type (theoretical or empirical). You can also submit work in progress and follow the above format as much as possible.

Submissions should follow the style recommended by the American Psychological Associations (APA) Publication Manual. The language of the conference and related publications is English. Each accepted submission must be presented at the conference in person or by Skype and be accompanied by a paid registration.

Submission Panel or Workshop: The conference will feature sessions on topics of special interest. To propose a panel, contact the program chair and provide the session topic and a list of 3-5 potential panelists. To propose a workshop, contact the program chair with a short description of the proposed workshop.
